The image is a composite of several medical and user interface elements:

- Top Left:** A black and white photograph of a patient lying in a hospital bed, wearing a white patient gown and a headband. There are medical monitors and equipment visible in the background.
- Top Right:** A close-up grayscale X-ray image of a human leg, specifically focusing on the knee and lower femur area. A red circle highlights a specific area on the lateral side of the femur, and a red callout box contains the text "Hairline Fracture of the Fibula".
- Bottom Left:** A timestamp in a rounded rectangle: "13:15" and "Wednesday 11/04/2020".
- Bottom Right:** A medical interface section:
 - A large orange button with a white plus sign labeled "Add Test Notes".
 - Four circular icons with medical symbols: a person (cARE), a heart (ECG/EKG), a stethoscope, and a clipboard/pencil.
- Top Right (Patient Information):** A box containing:
 - Patient ID: 30294821
 - Name: Eden Hazard
 - Age: 29
 - Date of Birth: 01/07/1991
 - Reason for stay: Fractured ankle
 - Admitted: 10/31/2020
 - Medical History: Many Injuries
 - More...

The image is a composite of three panels. The left panel shows a patient lying in a hospital bed with a white headrest and a white sheet. A small orange circular icon with a left-pointing arrow is in the top right corner. The bottom left contains a timestamp: "13:15" and "Wednesday 11/04/2020". The middle panel is a close-up of a knee joint X-ray. A yellow circle highlights a specific area on the fibula, with a callout box containing the text "Hairline Fracture of the Fibula". The right panel shows a patient's medical record with a patient ID, name, age, date of birth, reason for stay, admission date, and medical history. It also includes icons for care, heart rate, stethoscope, and add test notes.

Hairline Fracture of the Fibula

The image is a composite of three panels. The left panel shows a patient lying in a hospital bed with a white headrest and a white sheet. A small orange circular icon with a left-pointing arrow is in the top right corner. The bottom left contains a timestamp: "13:15" and "Wednesday 11/04/2020". The middle panel is an X-ray of a joint, likely an ankle, showing a dislocation. Two circles are overlaid: a yellow one on the upper tibia and a red one on the lower tibia. The right panel shows a patient's arm and shoulder in a sling, with a stethoscope around their neck. A large orange circle with a plus sign is in the bottom right corner. The top right contains patient information: Patient ID: 30294821, Name: Eden Hazard, Age: 29, Date of Birth: 01/07/1991, Reason for stay: Fractured ankle, Admitted: 10/31/2020, Medical History: Many Injuries, and a "More..." link. To the right of the patient's arm are four orange circular icons with medical symbols: a person (cARE), a heart (ECG), a stethoscope, and a clipboard/pencil.

The image is a composite of several medical and clinical elements:

- Top Left:** A black and white photograph of a patient lying in a hospital bed, wearing a white patient gown and a headband. There are medical monitors and equipment visible in the background.
- Top Right:** A medical interface box containing:
 - Patient ID: 30294821

- Middle Center:** An X-ray image of an ankle joint. Two anatomical structures are highlighted with colored circles:
 - A yellow oval highlights the tibia (shin bone).
 - A red circle highlights the talus (ankle bone).Both highlighted areas have small white arrows pointing towards them from the bottom right.
- Bottom Center:** A red callout box contains the text: "Dislocation between the Tibia and Talus".
- Bottom Left:** A timestamp box showing "13:15" and "Wednesday 11/04/2020".
- Bottom Right:** A medical interface box containing:
 - Add Test Notes
 - A large orange plus sign icon.
- Right Side:** A vertical strip showing a portion of a patient's leg and foot, with a pulse trace line above it. To the right of this strip are four orange circular icons with white symbols: a person (cARe), a heart (ECG), a stethoscope, and a clipboard/pencil.

The image is a composite of three panels. The left panel shows a patient lying in a hospital bed with a white headrest and a white sheet. A yellow callout box contains the text "Seems to be a fracture of Fibula". The middle panel is an X-ray of an ankle joint. A yellow oval highlights a region on the tibia, and a red circle highlights a region on the fibula. The right panel shows a patient's arm and shoulder. On the far left, there are two small circular icons: one with a person and another with a left arrow. On the far right, there are four orange circular icons: a person labeled "cARe", a heart, a stethoscope, and a clipboard with a pencil. At the bottom left, a timestamp reads "13:15 Wednesday 11/04/2020". At the top right, a box displays patient information: "Patient ID: 30294821", "Name: Eden Hazard", "Age: 29", "Date of Birth: 01/07/1991", "Reason for stay: Fractured ankle", "Admitted: 10/31/2020", "Medical History: Many Injuries", and "More...". At the bottom right, there is a yellow button labeled "Add Test Notes" with a plus sign icon.
